

School Charter

In our school, every person matters. At Bowes Hutchinson's School we all try to:

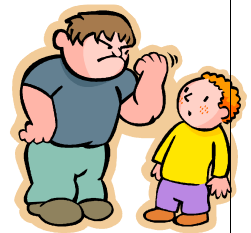

Show respect by

- Trusting and listening to one another
- Speaking appropriately to everyone
- Celebrating each others' personal achievements
- Treating everyone fairly

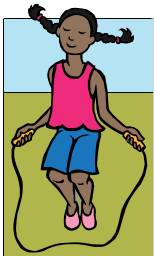

Reduce bullying by

- Taking action on any kind of bullying
- Having clear systems and sanctions that everyone knows about and follows
- Having safe havens and trusted people to report bullying to

Tackle Racism by

- Having a clear policy which everyone knows about and understands
- Learning more about different cultures and religions

Contribute to Gender Equality by

- Treating everyone fairly
- Taking action on sexist behaviour

Consider Disability by

- Making sure that everyone can be part of all aspects of school life
- Taking name-calling seriously and treating it the same as other kinds of bullying

Have a Voice by

- Using the School Council to discuss policies and issues
- Making sure that all members of the school community are listened to
- Pupils helping to decide what happens in school

We believe this is important to help us to understand each other
