

Look at and read all the resources and enjoy learning about V E Day.

Then make the glider if you can print it off, or, if you have drawing paper- design a poster celebrating V E Day - look for union jacks, what the soldiers looked like, spitfires, Churchill and create a poster that you could colour or paint.

The medal can be drawn on paper or in your journal too.

If you can scan them, or take a photo and text it to me, we'll put it on the school face book page
