

A Ghost Story?

After you watched the film, (it is based on the ruined abbey at Whitby) write a description of the journey to, and around, the abbey and its surrounding buildings.

Think about the atmosphere created - darkness, the landscape, sounds, sky, the different buildings, what/ who is the statue, how is the tension created....walking along the pathway to where.....in the tunnel leading where.....

You could write in 1st person- I crept slowly....Although I was scared, I...

I had no idea.....

Or 3rd person - Slowly, he walked without a sound, listening... The old man followed the instructions to... The map told her to.....

Use long and short sentences for dramatic effect

Then you could continue and continue and turn it into a story - about 400 words altogether - start here!
